EVERYWHERE IN LIFE, THE TRUE  
QUESTION IS NOT WHAT WE GAIN,  
BUT WHAT WE DO . . .

—Carlyle

And from the discontent of man the world's progress springs.

—E. W. Wilcox

We live in deeds, not in years;  
In thoughts, not breaths;  
In feelings, not in figures on a dial.  
We should count time by heart throbs.  
He most lives who thinks most,  
Feels the noblest,  
Acts the best.

—Bailey

Now happiness consists in activity;  
Such is the constitution of our nature:  
It is a running stream,  
And not a stagnant pool.

—Good

UNIVERSITY OF SOUTH CAROLINA

COLUMBIA, S. C. 29208

OFFICE OF THE PRESIDENT

TO THE CLASS OF 1975:

Welcome to the University of South Carolina and congratulations on selecting our institution in which to continue your educational goals. The next four years hold wonderful and exciting times for you as Carolina will be your center for development and dissemination of knowledge. I hope you will become an active member of the student body by involving yourself in activities that will be of personal interest and of value to all students.

The Carolina student government represents our 14,000 students in a wide variety of endeavors. I encourage you to take an active part in your student government by sharing your personal wealth of creativity with others so that you can render that margin of excellence to yourself as well as the University.

May your years at Carolina provide you the opportunities for educational and social growth and fond memories of steps taken to attain the realization of your lifetime goals.

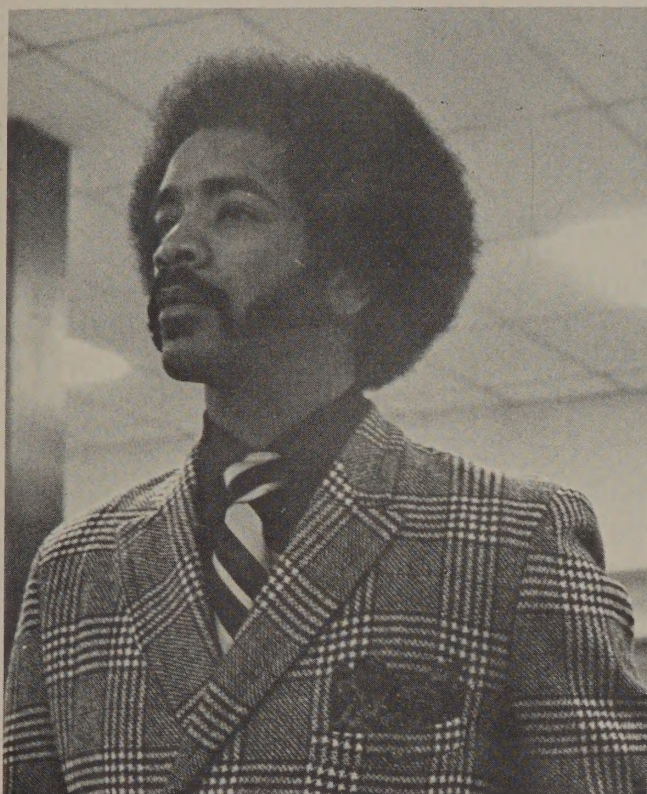

Sincerely,

*Thomas F. Jones*

Thomas F. Jones  
President

June 22, 1971

Welcome New Men and Women of Carolina:

The Student Government Association of the University of South Carolina welcomes you. We are honored that you have chosen to join our University Community and we hope that you will become actively involved in the total University experience.

The next few years will be very important years for you. It is during this time that you will probably decide on a definite direction that your life will take. These should not be merely years of idle preparation. Student Government offers to you the opportunity to become involved.

We are here for your benefit, and we also solicit your help. Working together we can work toward a better academic and social community.

Sincerely,

*Harry L. Walker*

Harry L. Walker  
Student Body President  
University of South Carolina

**Student Senate**  
**University of South Carolina**  
**Columbia 29208**

June 24, 1971

Freshmen Men and Women:

Student Senate is the Legislative Branch of your government. The Senate debates and enacts rules dealing with student conduct, student activity fees, student organizations, registration and ticket distribution, parking, and numerous other matters of student concern.

I hope that you as Freshmen will take an active interest in the affairs of Student Senate. Fall elections in October offer six of you a chance to serve as members of the Senate. Otherwise those wishing to become involved may apply for part-time positions as committee clerks, research assistants, pages, etc. By all means get to know the Senators from your residence area and go to see them with problems or suggestions.

I have had the opportunity to meet many of you during Orientation, and I have been impressed with your enthusiasm and the interest you have expressed in Student Government. I hope that your interest will continue throughout your years at Carolina.

If I can assist you in any way, please do not hesitate to call on me.

Sincerely yours,

Julianne F. Still  
Student Body Vice-President  
University of South Carolina

JFS:pad

# PRESIDENT'S CABINET

## The Secretary of Freshman Affairs

The position of Secretary for Freshman Affairs has been designed to help incoming freshmen students to deal with the many problems and perplexities they will encounter at the University. It also serves to acquaint freshman men and women with the variety of activities, clubs, and organizations open to them here at Carolina.

This fall two or three leadership conferences with about eighty participants each are planned. The purpose of these conferences is to assist students in realizing their full leadership potentials, to allow them to share their ideas about the University and offer possible solutions to problems existing at a large institution, and to familiarize them with the proper administrative channels for dealing with these difficulties.

Tim McConnell  
Sec. for Freshman Affairs

## The Secretary of Academic Affairs

The major duties of the Secretary of Academic Affairs are to advise the President of the Student Body, carry out projects designed by the President and/or the Cabinet, and to work with the President, other executive officers, other cabinet members and the Student Senate in the day to day business of running the Student Government. The overriding purpose behind all of these endeavors is to make student opinions known to faculty and administrators.

The Office of Academic Affairs is undertaking three major projects this year. The first is in the area of Teacher Evaluation. Teacher Evaluation is voluntary survey of teachers by their students. The first successful implementation of this idea was done last year, and the results received favorable response from students, faculty and administration. The results were so favorable in fact, that a bill has been placed before the Faculty Senate to establish a permanent Teacher Evaluation Committee. Results of the evaluation will be printed in booklet form, and will be made available to students. The results of these evaluations may eventually be used in the consideration of faculty promotions.

The second project is a study of the USC Library System. The main directives of this study are to investigate student opinion on library hours, administrative practices of the library staff, and buying procedures of the library. The results of the study will be available in pamphlet form and will be freely obtainable by anyone.

The third project is to carry on an academic atmosphere conference in the fall. This is being done in conjunction with the offices of John Guilds, Vice-Provost, and Steve Cannon, Secretary of Campus-Community Relations. The purpose of this conference is to consider methods by which the academic level of the University might be raised. Any student wishing to work on any of the projects should contact myself at the Student Government Office.

The other duties of the Secretary are to sit in on various committees. These include the Student-Faculty Relations Committee, the Library Committee, the New Courses and Curricula Committee, the Faculty Advisory Board for Contemporary University, etc.

One of the lesser known duties of this office is to help students who have problems with curriculum, or complaints about teachers. If any student has problems in these areas, I can be contacted at the Student Government Office.

Mike White  
Sec. for Academic Affairs

# PRESIDENT'S CABINET

Steve Cannon  
Sec. for Campus-Community Affairs

## The Secretary for Campus-Community Affairs

Although you will find Carolina in many ways a community within itself, its location in the middle of a large city will undoubtedly affect your life to a certain extent. In recognizing the importance of the surrounding community the office of Campus-Community Affairs strives to promote increased awareness of the student towards the "outside world" by obtaining various services of the community for the student and offering its services as well. Throughout the coming year, Student Government will sponsor several projects designed for student involvement with the Columbia area:

1. **University Speaker's Bureau**—During the year Student Government will send teams of students and faculty members throughout the entire state to present an up-to-date look at Carolina. For the past six years, these teams have appeared in many high schools and before major civic clubs of the state.

2. **Legislative Liaison Activity**—Recognizing the importance of the role of the State Legislature, Student Government also sponsors year long activities geared to promote sincere and meaningful communications between students and their representatives. Plans are now underway for several pre-game receptions as well as a series of early morning breakfasts to give students the greatest possible amount of informal contact between the two groups.

3. **Carolina Cares**—Perhaps the most widely participated in project of the year, the third annual Carolina Cares Day serves to unite the efforts of students of every type in making Christmas happier for those less fortunate in the Columbia area. Last year over 400 students collected approximately \$15,000 in food, toys, clothes, and money, all of which was distributed locally. This year's expectations call for even greater amounts to be collected.

If you are interested in these and any other projects, (especially Carolina Cares), I urge you to contact me at the Student Government Office, Box 5140, or 777-4256.

## The Secretary of Minority Affairs

The office of Secretary for Minority Affairs was established in an attempt to explore and solve some of the problems faced by minorities at U.S.C. Being in a minority situation can bring about many adjustment problems that are not faced by those students surrounded with others that share common ideas, interests, and concerns.

The process of securing a greater ratio of minority students is a primary concern of the Secretary for Minority Affairs. After minority groups are enrolled at U.S.C., promoting their interests is important. Through this office, minority groups receive assistance and sponsorship for activities.

The Minority Affairs Office solves complaints and problems of minority students. These students are directed to the persons that can help them make a positive adjustment at Carolina. Programs undertaken by the Secretary for Minority Affairs include a School Desegregation Project that attempts to help students with problems while they are still in high school. Thus, a needed rapport is maintained with future Gamecocks.

Minority groups are urged to become involved in all phases of community life, drama, Student Government, athletics, University Union, and other organizations of interest to them. But, moreover, the main purpose of the Office of Secretary for Minority Affairs is to recruit and involve minority students in the mainstream of campus life . . . because, after all, it's their university too.

Oliver Washington  
Sec. for Minority Affairs

# PRESIDENT'S CABINET

## Secretary of Co-ed Affairs

Women students at the University of South Carolina (and anywhere else for that matter) have problems which are particular to them because they **are** women. The SGA Division of Co-ed Affairs exists for the purpose of helping women students solve these problems. The following is a brief outline of the programs sponsored by Co-ed Affairs:

**HOTLINE (Women's Health Project):** This is a service which is open every weekday from 7:30 p.m. until 10:30 p.m.—phone 777-4256 or 777-5104. Any information concerning birth control questions and/or problems will be answered, information on area doctors, abortion referral to reliable clinics in New York (all is legal, inexpensive, and medically approved), information on adoption, housing, VD, information on area clinics, etc. **NOBODY IS TURNED AWAY BECAUSE OF LACK OF MONEY.** All is confidential, straight-forward. This service started due to **concern** for the health (mental and physical) of USC women students. In the fall we hope to run the program on a longer basis.

**STATUS OF WOMEN:** This concerns a very rampant and relevant problem of job discrimination based solely on the grounds of sex. We will help change situations in which women students are facing sex discrimination. An educational project concerning USC women will be published, speakers brought in during AWS Women's Week. Work will be done in conjunction with Minority Affairs in solving discrimination problems.

**BIRTH CONTROL BOOK:** A student guide to birth control is being published and should be ready for distribution in the fall. The booklet will be explicit. It will cover all methods of contraception, dispell myths, and hopefully teach people how to prevent unwanted pregnancies. All material has had physicians proofread it and it is accurate. SGA realizes (and hopefully others will too) that you don't have to be married and over 21 to be pregnant. The booklet should be a valuable resource for the prevention of problems before they are conceived.

These are just a few of the projects which we plan for next year. If you wish to help with anything please get in touch with the Secretary for Co-ed Affairs. The above projects, though very controversial, are very much needed. They are free to the students, but we need help to make them successful.

Vickie Eslinger  
Sec. for Co-ed Affairs

Clay Riley  
Ombudsman

## The Ombudsman

Ombudsman, translated from Swedish means "man of the people."

The Office of the Ombudsman was revised and re-established at the University of South Carolina in the Spring of 1971 by the Student Government Association. The purpose of the office is to give the student, faculty or staff member a place to take his complaint, idea, or suggestion and have it investigated. It is the Ombudsman's responsibility to look into the conditions which have caused someone to lodge a complaint, to determine whether an injustice has occurred, and to work with those concerned in an effort to resolve the difficulty. All matters are held in confidence.

The Office of the Ombudsman is not a short cut for normal administrative processes. Requests for the services of the Ombudsman usually occur when the normal bureaucratic process has failed to function properly and, therefore, causes undue hardship to someone.

# PRESIDENT'S CABINET

Bill Shepherd  
Press Secretary

**BILL SHEPHERD**  
**Press Secretary**

Through the news media, the Press Secretary is in charge of relating to the Carolina community and the public all Student Government activities.

**ERIC WYKA**  
**1st Secretary**

The 1st Secretary acts as chief advisor to the President of the Student Body and is responsible for maintaining effective organization among the executive branch and the student government office staff.

Eric Wyka  
1st Secretary

**MIKE RIERSON**  
**1st Secretary**  
(duties same as ERIC WYKA)

**DAVE POWERS**  
**Secretary of General Welfare**

The Secretary of General Welfare listens to the students' complaints and problems concerning academics, parking, curricular changes, and other difficulties related to campus life.

**AARON HARVEY**  
**Attorney General**

The Attorney General is the guardian of students' rights and should be consulted for legal assistance.

## TRAVEL COMMITTEE

The Union Travel Committee plans and co-ordinates reasonably priced vacation trips to the Caribbean, Europe, and within the United States. By arranging for groups the individual's cost is reduced substantially, making unusual vacations available to more students than previously possible. The committee is also a candid source of general information to those interested in independent travel, whether it be for a weekend at the beach or a Summer in Europe.

## ARTS COMMITTEE

The Arts Committee explores and brings to the University students all media of art. Besides providing monthly art and sculpture exhibits of national and locally known artists in the Russell House Gallery-Lounge, the Committee is planning to enter many other areas of art.

## MARRIED STUDENTS COMMITTEE

The Married Students Committee plans and carries out a variety of social functions for the married students on campus (who compose 1/4 of campus students). In addition to several dances, cookouts, and other party functions, the committee is planning other activities such as bowling leagues.

## CAROLINA WIVES COMMITTEE

The purpose of our organization is to promote educational and social functions for Carolina Wives. This club is to make wives feel a part of the Carolina Community. The Carolina Wives Club provides an opportunity for wives to meet other wives and share ideas.

## SPIRIT COMMITTEE

With one of the top athletic departments in the nation, the school spirit at Carolina must show our fine athletes that we're behind them 100%. The committee plans to start of the year by organizing a card section for students at all home football games in the Carolina Stadium, and will work with the Student Government Association and the Interfraternity Council in sponsoring the parade and other activities connected with Homecoming.

## SHORT COURSES COMMITTEE

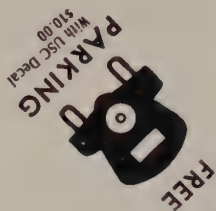

This fall, besides the old stand-bys of Lovemaking, Bartending, and Cooking, we are planning what we hope will be a wide range of other courses. Some of these will be Mysticism, Personal Finance, Karate, Creative Publicity, Students and the Law, Over-population, and others. But we could like and want any ideas that you have for new courses.

## RECREATION COMMITTEE

A new committee this year. It was formed so that students can get maximum utilization out of the recreational facilities on campus. These include Bell Camp and the game room in Russell House.

## SPECIAL EVENTS COMMITTEE

Special Events is the open committee in the Union that plans all the festivities not covered by any of the other commit-

## CHANCE

UNIVERSITY UNION  
 The Union is the largest programming organization on the campus and provides the majority of cultural, educational and entertainment events for the Carolina student body. Through its fifteen student-operated committees, the Union plans and co-ordinates activities ranging from art exhibits to popular concerts. Membership is open to every member of the University community.

tees. Plans include a Great Pumpkin Contest, a Winter formal, and a week-long event in the Spring called Spring Thing.

### — ARTIST SERIES COMMITTEE —

Artist Series Committee brings to the Carolina campus a variety of the performing arts ranging from the leading Broadway plays to puppet shows and sitarists. Tentative plans have been made to book "Company," a Shakespearean play, a life-size puppet show, a consort and many other cultural events.

### — INTERNATIONAL COMMITTEE —

The international Committee provides a fascinating opportunity for its members to broaden their horizons by working with and planning for students from all over the world. Throughout the year, the committee is engaged in planning a very wide scope of activities and provides programs such as International Week, "Big Brother" program, parties, International Christmas House, World Understanding Week, sports competition, language classes, and other innovative programs.

### — COMMONS ROOM COMMITTEE —

This committee provides a place for students to meet and converse with both faculty and administration over coffee. It also brings in local individuals to speak to students during the day.

### — LECTURES COMMITTEE —

The Lectures Committee brings speakers to the Carolina campus to discuss relevant issues, discoveries, important topics, and for pure entertainment. The program is designed to supplement and enrich each student's educational experience by allowing the students to meet, question, and entertain prominent speakers.

### — CONCERT COMMITTEE —

The Concert Committee handles all aspects of Carolina's popular concerts and mini-concerts. This includes the booking, promotion, and staging of the concerts by students on the committee. This year the committee is interested in bringing such performers as The Guess Who, Neil Diamond, The Four Tops, and many other groups.

### — NIGHT CLUB COMMITTEE —

The Night Club Committee programs events for the Golden Spur student night club on the second floor of the Russell House. The Committee books its own bands and runs the club, providing entertainment at least two nights a week and sometimes for week-long engagements.

### — FILMS COMMITTEE —

Each semester the Films Committee presents movies each Monday, Wednesday, Friday, and Saturday nights, plus additional films on special show dates. The programs include recent popular films, classics, festivals, foreign films, and underground or experimental short films. "Date night" movies will be shown each weekend with admission ranging from \$.50 to \$1.00.

# IT IS NOT NECESSARY TO LIVE, BUT TO CARVE OUR NAMES BEYOND THAT POINT.

—Gabrielle d'Annunzio

Each man has his own desires;  
all do not possess the same inclinations.

—Persius

We must survive . . .  
We must fight . . .  
We must love . . .

Students can change things if they want to because they have the power to say “no.” When you go to school, you’re doing society a favor. And when you say “no” you withhold much more than your attendance. You deny continuity to the dying society; you put the future on strike. Students can have the kind of school they want—or something else entirely if they want—because there isn’t going to be any school at all without them.

—Jerry Farber

# GET THIS CARD

 **EASTERN YOUTH CARD**

Name \_\_\_\_\_

Signature \_\_\_\_\_

Expiration Date \_\_\_\_\_

# TO GET A HIGHER EDUCATION.

It's an Eastern Youth Fare ID Card. With one, you can fly at less than regular fare on most airlines in the country. And when you use the Card on Eastern, you have this extra going for you: You can reserve a seat in advance, just like any other passenger, on any Eastern flight in the U.S. (and on some flights between the U.S. and Canada) anytime, except during peak travel hours, at 25% off the regular coach fare. (On many other airlines, you may have to stand by to see if there's an empty seat left over for you.)

Enjoy Eastern's reduced Youth Fare between home and school. Or on a short or long vacation break to the great cities and resorts. Eastern flies to more than 100 cities, including New York, Chicago, New Orleans, Montreal, Toronto, Ft. Lauderdale, Miami, San Antonio, Los Angeles and Seattle.

Your card also earns you a discount on Eastern's Air-Shuttle between New York/Newark and Boston or Washington, D.C.

How do you get your Card? Good question and easy to answer. Just pick up an application blank at any Eastern office or from your Eastern Campus Representative. Turn it in with \$3.00 and proof of age. That's all, and you'll have a Card good until your 22nd birthday. Which gives you plenty of time to really take off and fly!
